

Copper Nanoparticles (Cu)

Material Safety Data Sheet

1 Identification of substance:				
☐ Product details:				
☐ Trade name: Copper nano powder				
Manufacturer/Supplier:				
Guangzhou Hongwu Material Technoloty CO.,ltd				
TEL:0086-20-87748917				
Version Date: 4/26/2020				
2 Composition/Data on components:				
Chemical characterization: Decarinties:				
<pre>Description: (CAS#)</pre>				
Copper powder (CAS# 7440-50-8): 99.9%				
☐ Identification number(s):				
□ EINECS Number: 231-159-6				
3 Hazards identification				
Hazard description:				
Xn Harmful F flammable				
☐ Information pertaining to particular dangers for				
man and environment				
R 11 flammable.				
R 62 Possible risk of impaired fertility				
R 63 Possible risk of harm to the unborn child				
☐ Classification system				
☐ HMIS ratings (scale 0-4)				

	Keep away from ignition sources.
	Additional information:
	See Section 7 for information on safe handling
	See Section 8 for information on personal
	protection equipment.
	See Section 13 for disposal information.
7	Handling and storage
	Handling
П	Information for safe handling:
	Keep container tightly sealed.
	Store in cool, dry place in tightly closed containers.
	Ensure good ventilation at the workplace.
	Information about protection against explosions and
	fires:
	Keep ignition sources away.
	Protect against electrostatic charges. Fumes can combine with air to form an explosive mixture.
	Tames can complife with all to form an explosive mixture.
	Shama ma
	Storage
	Requirements to be met by storerooms and
	receptacles:
	Store in a cool location.
	Information about storage in one common storage
	facility:
	Do not store together with oxidizing and acidic materials.
	Further information about storage conditions:
	Keep container tightly sealed.
	Store in cool, dry conditions in well sealed containers.
8	Exposure controls and personal protection
1	Additional information about design of technical
	systems:
	Properly operating chemical fume hood designed for
	hazardous chemicals and having an average face velocity of
	at least 100 feet per minute.

☐ Additional information: No data
☐ Personal protective equipment
☐ General protective and hygienic measures
  The usual precautionary measures for handling chemicals
  should be followed.
  Keep away from foodstuffs, beverages and feed.
  Remove all soiled and contaminated clothing immediately.
  Wash hands before breaks and at the end of work.
  Avoid contact with the eyes and skin.
☐ Breathing equipment:
  Use suitable respirator when high concentrations
  are present.
☐ Protection of hands: Impervious gloves
☐ Eye protection: Safety glasses
□ Body protection: Protective work clothing.
```

9	Physical and chemical propertie	<u>s:</u>
	General Information	
	Form: Powder	
	Color: Black brown	
	Odor: Odorless	
	Value/R	ange <u>Unit</u> <u>Method</u>
	Change in condition	
	Melting point/Melting range:	1083 ° C
	Boiling point/Boiling range:	2595 ° C
	Sublimation temperature / start:	Not determined
	Flash point:	Not applicable
	Flammability (solid, gaseous)	Highly flammable.
	Ignition temperature:	Not determined
	Decomposition temperature:	Not determined
	Explosion limits:	
	Lower:	Not determined
	Upper:	Not determined
	Vapor pressure:	Not determined
	Density: at 20 ° C	8.94 g/cm³
	Solubility in / Miscibility with	
	Water:	Insoluble
10	Stability and reactivity	
	Thermal decomposition / conditi	ons to be avoided:
	Decomposition will not occur	if used and stored
	according to specifications.	

☐ Materials to be avoided:
Oxidizing
agents Acids
☐ Dangerous reactions Contact with acids releases
flammable gases
☐ Dangerous products of decomposition: Toxic metal oxide fume
11 Toxicological information
Acute toxicity:
☐ Primary irritant effect:
<pre>on the skin: Irritant to skin and mucous membranes.</pre>
on the eye: Irritating effect.
Sensitization: No sensitizing effects known.
Other information (about experimental
toxicology):
Tumorigenic effects have been observed on tests
with laboratory animals. Reproductive effects have been observed on tests with
laboratory animals.
Subacute to chronic toxicity:
Copper compounds may be irritating to the skin, eyes and
respiratory tract. They may cause metal fume fever,
hemolysis of the red blood cells and injury to the
liver, lungs, kidneys and pancreas. Ingestion may also
cause vomiting, gastric pain, dizziness, anemia, cramps,
convulsions, shock, coma and death. Copper solutions may
cause sensitization reactions.
Subacute to chronic toxicity:
The Registry of Toxic Effects of Chemical Substances (RTECS) reports the following effects in
laboratory animals:
Gastrointestinal - nausea or vomiting.
Liver - hepatitis (hepatocellular necrosis), zonal
Liver - other changes.
Related to Chronic Data - death. Kidney,
Ureter, Bladder - other changes. Cardiac - other changes.
Tumorigenic - equivocal tumorigenic agent by RTECS criteria.

Lungs, Thorax, or Respiration - fibrosis,
focal (pneumoconiosis).
Lung, Thorax, or Respiration - tumors.
Reproductive - Effects on Embryo or Fetus -
fetotoxicity (except death, e.g., stunted fetus).
Reproductive - Specific Developmental Abnormalities -
Central Nervous System.
Reproductive - Specific Developmental Abnormalities -
musculoskeletal system.
Reproductive - Fertility - pre- implantation mortality
(e.g. reduction in number of implants per female; total
number of implants per corpora lutea)
Reproductive - Fertility - post-implantation mortality
(e.g. dead/or resorbed implants per total number of
implants).
Reproductive - Maternal Effects - uterus, cervix,
vagina. Reproductive - Fertility - female fertility
index (e.g. # females pregnant per # sperm positive
<pre>females; # females pregnant per # females mated)</pre>
☐ Additional toxicological information:
To the best of our knowledge the acute and chronic toxicity
of this substance is not fully known.
EPA-D: Not classifiable as to human carcinogenicity:
inadequate human and animal evidence of carcinogenicity or
no data are available.
12 Ecological information:
12 Leological information.
General notes:
Do not allow material to be released to the environment
without proper governmental permits.
13 Disposal considerations
<u> </u>
☐ Product:
Recommendation
Consult state, local or national regulations to ensure
proper disposal.
☐ Uncleaned packagings:
- -
☐ Recommendation:
Disposal must be made according to official regulations.
14 Transport information

□ DOT regulations:	
☐ Hazard class:	4.1
☐ Identification number:	UN3089
☐ Packing group:	II
$\ \square$ Proper shipping name	(technical name):
(copper)	Metal powders, flammable, n.o.s.
☐ Land transport ADR/RID	(cross-border)
☐ ADR/RID class:	4.1 Flammable solids
□ Item:	13c
□ Danger code (Kemler):	40
UN-Number:	3089
\square Description of goods:	Metal powders, flammable, n.o.s.
(copper)	
☐ Maritime transport IM	DG:
☐ IMDG Class:	4.1
□ UN Number:	3089
☐ Packaging group:	II
☐ Proper shipping name:	Metal powders, flammable, n.o.s.
(copper)	
☐ Air transport ICAO-TI	and IATA-DGR:
☐ ICAO/IATA Class:	4.1
□ UN/ID Number:	3089
☐ Packaging group:	II
□ Proper shipping name:	Metal powders, flammable, n.o.s.

(copper)

15 Regulations

- ☐ Product related hazard informations:
- ☐ Hazard symbols:

Xn Harmful F Highly flammable

- ☐ Risk phrases:
 - 11 Highly flammable.
 - 62 Possible risk of impaired fertility
 - 63 Possible risk of harm to the unborn child

☐ Safety phrases:

- 7 Keep container tightly closed.
- 26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
- 33 Take precautionary measures against static discharges.
- 36/37/39 Wear suitable protective clothing, gloves and eye/face protection.
- 43 In case of fire, use metallic extinguishing powder. Never use water.
- 60 This material and its container must be disposed of as hazardous waste.
- □ National regulations

All components of this product are listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical Substance Inventory.

☐ Information about limitation of use:

For use only by technically qualified individuals. This product contains copper and is subject to the reporting requirements of section 313 of the Emergency Planning and Community Right to Know Act of 1986 and 40CFR372.

16 Other information:

Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.
